

Town of Oneida Culvert Application

Name: _____

Address: _____

Phone Number: _____

Size of culvert: _____

Town of Oneida Ordinance

Section 11.03 (2) states; No culvert shall be installed except with a written permit from the Town Chairman or his designees; said permit shall not be granted until the Town Chairman or his designees views the property and determines diameter, location and elevation for said culvert. The minimum length shall be 32 feet and apron end walls are required.

Section 11.03 (5) states; All culverts shall be of galvanized steel; no plastic culverts shall be permitted in the Town.

See www.townofoneida.org for full culvert ordinances.

Requirements for installing driveways:

1. Apron end walls shall be required on all culverts. Culvert shall be new and of corrugated metal. Used culverts will not be accepted.
2. The work shall be carried out in a manner satisfactory to the town chairperson or his representative.
3. Driveway side slopes shall be of earth material only. No concert, stone or bituminous side slopes shall be constructed.
4. \$25.00 fee
