Outagamie County Sheriff Department- Residents' Concerns: No sheriff was present. Resident concerns: Scott Schaumberg reported contacting the Oneida Police Department regarding an individual lying alongside County Road EE.

Discussion was held on the newly installed flashing stop signs at the intersection of County Roads E & EE. The Town of Oneida proposed the safety improvement to the Outagamie County Highway Department. An intergovernmental cost-sharing agreement was approved in March 2025, with installation costs split between the Town and County. The County will be responsible for ongoing maintenance.

Discussion was held regarding recent lost/found dog protocol. The Clerk received a call from the Oneida Police Department Dispatch regarding a lost dog. Dispatch and the Oneida Nation Senior Warden indicated that they only transport lost dogs to the Humane Society when the call originates from a tribal member. As the caller in this case was not a tribal member, assistance was unclear.

Per dispatch, the Outagamie County Sheriff's Department no longer handles lost dog pickups. The Town does not have a trained and certified constable, nor ordinances addressing this service. Discussion included the Town's past use of a constable and how the establishment of the Oneida Police Department changed the protocol.

Residents expressed that all township residents should be served by Oneida Police. Chairperson Schaumberg stated this concern will be brought up at the next Cooperative Governance Meeting with the Town and the Oneida Nation.

Open Discussion – Limit 3 minutes per person

Traffic Concerns on Lambie Road. Increased traffic is expected due to upcoming events. The area will be monitored for public safety and emergency vehicle access. Currently, “No Parking” signs are posted on a portion of the east side of the road.

Ken Olson (Hank Olson Construction) evaluated Hanson Road. The surface is breaking apart, though no soft spots were found. Discussion included local stone quotes and availability. Resident concerns of large asphalt chunks potentially causing injury, blocking culverts, or filling ditches. The Board discussed the benefits of delaying final paving until late summer to allow the road to dry, improving longevity. Temporarily graveling the road was considered, though this may cause increased dust for residents for an extended length of time.

Other Road Projects discussion included: Bodart Ct: Will be postponed due to the worsening condition of Moore Road. Residents are concerned of safety factors due to the condition of Moore Road. McCabe Road: Originally planned for reconstruction in 2025, but with the damage to Hanson Road caused by a late winter storm, required reconsideration. One option discussed was to grind McCabe Road in late fall and leave it gravel over winter.

Update on the ditch cleaning project on Ranch Road: Hank Olson Construction will clean the south-side ditch along Ranch Rd/Moore Rd before Oneida Nation contracts Outagamie County for work on adjacent Oneida Trust Land.

Adjournment: Al Krause motioned to adjourn at 7:59 P.M. Terry Hock seconded the motion. Motion carried.
